Legacy. Luxury. Location. 535 Ocean Blvd stands as a timeless centerpiece along the coveted Ocean Blvd, the historic core of Coronado. Originally designed by the esteemed architect William Sterling Hebbard for Admiral Uriel Sebree upon his retirement after a distinguished 44-year naval career, it has now been thoughtfully reimagined for modern living. This single-family residence blends architectural heritage with contemporary elegance. Tucked within the famed estates along the world-class Ocean Blvd, this is a rare and expansive approximate 10,800 sq ft lot just steps from the sand on the famed Central Beach or a stroll along the boardwalk to the famous and recently restored, Hotel Del Coronado and Orange Avenue. The result is a masterpiece that honors Coronado's roots and has the benefits of the Mills Act while offering refined, easy living. The main home offers four bedrooms, three and a half baths, a flexible main and upper-level layout, as well as a private 1-bedroom, 1-bathroom d
