

630 WEST 6TH STREET

Los Angeles, CA

2 Beds, 2 Baths - 1,180 sq ft - 598,000

A well-designed 5th-floor residence at Library Court, featuring the tallest ceiling height in the building at over 10 feet. Expansive glass wall systems and oversized windows introduce abundant natural light while creating a strong sense of volume throughout the home. The living and dining areas open into a broad, flexible entertaining space. The open kitchen is thoughtfully integrated into the main living area and offers granite countertops, stainless steel appliances, and a large island with breakfast bar seating. On the opposite side of the residence, two fully enclosed bedrooms are privately situated away from the common areas, each with high ceilings, plush carpeting, and large windows framed by the building's signature glass panels that provide soft, diffused light and privacy.
