

3 Bedroom Townhome with Stunning Views

Aldersmith Woods is a quiet, mature community with stunning water views to the west. Just below your gaze is Thetis Cove. A lovely saltwater bay perfect for quick dips on hot days or strolls along the shore at low tide. Enjoy easy access to nearby walking and cycling trails, while an abundance of amenities is just outside your door. From groceries to golf, you have everything you need. The Gorge Inlet Walkway is another local favourite; fully accessible to all and a wonderful place to spend the day. This home was customized to maximize sunlight and spectacular water views before Phase 2 completion. The primary bedroom was repositioned to overlook the inlet, CFB Esquimalt Harbour and the hills beyond. Enjoy year-round sunsets from your patio or upper balcony. Three generous bedrooms provide plenty of room for family and guests, with the luxury of four bathrooms. The chef's kitchen is designed for cooking, entertaining and the inevitable kitchen party. Book your private showing now.
