

31460 EARLS FLAT RD

Wister, OK 74966

4 Beds, 3.5 Baths - 3,600 sq ft - \$2,250,000

When you arrive, the entry to the property is through the oldest and largest National Forest in the South. It encompasses 1.8 million acres in Arkansas and Oklahoma. The gravel entrance splits and goes around the Lake leading up to the house, perfectly perched on the cascading hillside. This 4-bedroom, 3.5-bathroom house, situated on 120 acres is a wonderful intersection of beauty and elegance meeting hard work, proving that the two can coexist. Live edge cedar lines the walls, adorned with beautiful wood accents and trim work; this 32 ft high-ceiling home/lodge has a great layout that also includes a custom kitchen, large living room, office and two car carport. The master suite includes a spacious bathroom and large closet. In addition to the bedrooms, there is another potential bedroom in the loft on the second floor. The East side has a wood deck running the length of the house with pergola and outdoor sitting area. This dream home or lodge has a superior level of quality with expert craftsmen design.
