Monte Vista, CO

4 Beds, 2-3/4 Baths - 1,740 sq ft - \$324,900

Looked at this one before Look again. It's not the home you remember. A complete 2025 renovation took this home down to the studs: old plaster gone, new electrical, plumbing, and windows throughout. Real character, none of the usual old-home headaches. The kitchen steals the show with custom cabinetry, quartz and butcher block counters, a generous island seating four, and a walk-in pantry. The main floor adds a laundry room, a dedicated office, and a back room set up as a family room that easily serves as a fourth bedroom. Upstairs, a spa-inspired primary suite features dual vanities and a walk-in shower, with two more bedrooms and a full bath. Fenced yard, one-car garage, new siding. Move-in ready. 3D tour available.
