

270 DIOGENES ST

Dunedin, FL

3 Beds, 2 Baths - 1,364 sq ft - \$549,000

This modern new construction home is designed with comfort, functionality, and clean style in mind. This residence will feature quality craftsmanship and a seamless, open layout suited for everyday living. The home is planned with spacious living areas, a well-appointed kitchen, and carefully selected finishes that balance modern design with lasting durability. Each space is created to feel both practical and refined, as well as functional as it is visually appealing. As a to-be-built property, buyers may have the opportunity to personalize select finishes and details, creating a space that reflects their style while benefiting from a professionally built foundation. This home presents a rare opportunity to own a brand-new residence built with attention to detail and a focus on quality.
